## Who we are?

Cleaning Solutions was born to innovate and make a difference from the existing cleaning companies. Where the customer satisfaction is the most important thing and their requests are taken seriously. Service is our passion!

## Benefits

### Trained Staff

We care a lot about the service you receive, we train our team in a constant and updated way, guaranteeing a unique service.

### Eco Friendly Products

All our products are biodegradable and don't harm our planet. They're quality products that guarantee a special cleaning.

### Trained Staff

We will take care of every last detail request. Every feedback is accepted and implemented for the purpose of improving customer service and satisfaction.

## Guarantee

|We have the warranty of a well-done job, every work is important and we take special care of your workspace.
